

Instructions for Permit Application for
Proposed Oil and Gas Development on Lands Located Within
Stephens County Floodplain Areas

To comply with the Stephens County Floodplain Regulations and to minimize potential flood damage, if you are building within an identified flood hazard area, you must agree to construct your proposed development in accordance with the following provisions:

1. For **ALL STRUCTURES**, the foundation and the materials used must be constructed to withstand the pressures, velocities, impact, and uplift forces associated with the 1% Chance flood.
2. All **UTILITY** supply lines, outlets switches, and equipment must be installed so as to minimize damage from potential flooding.
3. You must submit **CETIFICATION FROM A LICENSED ENGINEER** that the flood protection requirements have been met. Failure to provide the required certification is a violation of this permit.

AUTHORIZATION:

I have read or had explained to me and understand the above special provisions for floodplain development. Authorization is hereby granted the permitting authority and their agents or designees, singularly or jointly, to enter upon the property described on the application during daylight hours for the purpose of making inspections or for any reason consistent with the issuing authority's floodplain management regulation. I further verify that the information provided by me on the application is true and accurate to the best of my knowledge and belief.

Signature of Applicant

STEPHENS COUNTY
OIL AND GAS FLOODPLAIN PERMIT APPLICATION

For Proposed Development on Lands Located within the Floodplains of Unincorporated Stephens County

Date _____ Phone Number _____ Fax _____

Applicant _____

Mailing Address _____

Address/Location/Legal Description of permit site: _____

Applicant Requests To:

Construct	Construct Addition	Remodel	Elevate	Demolish
Place Manufactured Housing	Burial, Pipeline or Cable	Drill	Mine	
Add Fill	Storage (Equipment or Supplies)	Excavate	Other	

List Type and Purpose of Development _____

Is site to be located in an identified Special Flood Hazard Area (Regulatory Floodplain)?

Yes No

If yes, complete the following:

Engineer _____ Contractor _____

Base Flood Elevation _____ Natural Elevation of Site _____

Proposed Built Pad Elevation _____

Name of Community _____ NFIP Community Number _____

Flood Map Effective Date _____

Flood Zone Type: AE A B C X Other

Community Panel Number _____

Is site to be located in an identified floodway? Yes No

If yes, you must demonstrate through an engineering study that there will be no increase in flood heights during the discharge of the 1% Chance flood caused by your development.

Plans, specifications, and application for permit filed by the applicant shall constitute by reference a part of this permit.

Signature of Applicant _____ Date _____

Office Use Only:

Permit Fee _____ Has permit fee been collected? Yes No

Approved By _____ Permit Number _____
